

ACICA Practice & Procedure Toolkit

Cutting-edge tools for timely, cost-effective and fair arbitral proceedings

Join us for an interactive workshop session with members of ACICA's Practice and Procedure Board and other senior arbitration practitioners to work through ACICA's toolkit of best practice for each stage of the arbitration lifecycle.

To ensure the session is as practical as possible, the panel will be considering a 'real world' scenario involving a complex contract with supply chain implications.

The session is targeted at in-house counsel that are keen to better understand and steer the process, as well as private practice practitioners, arbitrators and members of the bar at all levels.
