On behalf of Clayton Utz and the University of Sydney, we would like to invite you to join us for the 23rd Annual International Arbitration Lecture, ***Litigation v Arbitration – the score at half-time***, featuring keynote speaker The Hon Wayne Martin AC KC.

Litigation and arbitration are alternative procedures for the resolution of disputes by adjudication. In this address Wayne Martin will draw upon his experience as counsel, judge and arbitrator to assess the relative strengths and weaknesses of each process in a multi-factorial analysis. The assessment will assist counterparties and their advisors to determine which process best suits their potential dispute, and how to reduce any shortcomings in their chosen process.

We hope you can join us.

Regards,

Clayton Utz

About the speaker – The Hon Wayne Martin AC KC

The Honourable Wayne Martin AC KC was Chief Justice of Western Australia between 2006 and his retirement from the bench in July 2018. Prior to his appointment he practised at the Western Australian Bar in the field of commercial litigation, mainly involving disputes in the mining, energy, resources, construction and financial sectors. His practice included international and domestic arbitration. As Chief Justice he created and managed the Arbitration List of the Supreme Court of Western Australia and he has published many decisions in that field (and others).

Since leaving the Bench he is taking appointments as a mediator, arbitrator and adjudicator, and has joined chambers at Francis Burt Chambers, Perth, and at 39 Essex Chambers, with chambers in London, Singapore and Kuala Lumpur. He is an arbitration panel member of SIAC, HKIAC and AIAC and a registered construction adjudicator in Western Australia. He is a judge (part-time) of the Dubai International Financial Centre Courts and manages the Technology and Construction Division of that Court.
