

ARBITRATION ACROSS GENERATIONS

War Stories From the Front Lines of Inter-generational Arbitration

Leading arbitrators, lawyers, and experts will come together for a frank but good-natured discussion of the important insights gained over the course of working alongside, against and before others from different generations.

As part of Australian Arbitration Week, Secretariat are pleased to invite you to a panel discussion exploring how the convergence of different generations, young and old, can affect the conduct and outcome of arbitrations.

WHEN

Thursday, 17 October 2024
5:30pm–8:30pm (AEST)
