

## PARALLEL PROCEEDINGS IN THE CONTEXT OF INVESTOR-STATE DISPUTES: ISDS PLUS ONE?

This panel will tackle one of the most difficult, and interesting, topics in investor-State dispute settlement (ISDS): parallel proceedings.

It will address the types and causes of parallel proceedings in the context of investor-State arbitration, including bringing claims in respect of the same set of facts in multiple fora and by different but related entities (such as a company as well as its shareholders). The panel will discuss when and why parties should resort to parallel proceedings. It will also provide practical advice on how to handle different types of parallel proceedings and how to deal with damages from overlapping awards.
