

WORKSHOP

Better Practice, Better Outcomes

Tools for timely, cost-effective and fair arbitral proceedings

Join us for an interactive workshop session with members of ACICA's Practice and Procedures Board and other senior arbitration practitioners to work through some of the distinct features of arbitration (eg Notice of Arbitration, Memorials, appointing an arbitrator).

To ensure the session is as practical as possible, the panel will be considering a 'real world' scenario.

The session is targeted at in-house counsel that are keen to better understand and steer the process, private practice practitioners, arbitrators and members of the bar at all levels.

SPEAKERS

Bill Smith
ACICA Practice &
Procedures Board Chair
